Windsor Products Used: Next Dimension Pro Single Hung and Sliders

PROJECT DESCRIPTION

Minks Custom homes is one of Minnesota's fastest growing residential builders. They have successfully grown their business by offering execeptional quality with very competitive pricing. They've developed a reputation for providing outstanding customer service both during construction and after the home has been completed. They demonstrate a high level of attention-to-detail and have chosen to use Windsor Windows & Doors exclusively.

UNIQUE REQUIREMENTS/SOLUTIONS

In Minnesota, builders and home owners demand energy efficeint, quality-built window that can withstand the extreme weather conditions. When selecting products for their custom homes, Minks was specifically looking for an attractive, reliable product that would meet the high standards of the custom home buyer. Minks conducted extensive searches for all of their building materials to find the best products to represent their name... and they chose Windsor's Next Dimension Pro.

COMMENTS FROM PEOPLE INVOLVED

Ben Minks states, "We've been very impressed with Next Dimension Pro. We have had virtually no problems since we started using the Windsor product. Next Dimension Pro met our strict research criteria and they've proven themselves in the field. They perform well and are trouble-free."
