Windsor Windows and Doors earns highest rating from Better Business Bureau

WEST DES MOINES, Iowa – Windsor Windows and Doors has earned an A+, the highest possible rating, with the Better Business Bureau.

The BBB rates companies on a scale of A+ (highest) to F (lowest). This rating indicates the BBB's degree of confidence that a business is operating in a trustworthy manner and will make a good faith effort to resolve any customer concerns.

According to its website, iowa.bbb.org, the BBB awards points based on a weighted system of 16 factors, seven of which involve complaints filed with BBB against the business and how the business handles them. While BBB Business Reviews are subject to change at any time, the BBB has received zero customer complaints against Windsor in the past 12 months.

"The BBB's mission is to connect buyers with companies they can trust. It's what we have been doing for the last 100 years and what we continue to do today," BBB President Chris Coleman said. "In creating a community of trustworthy businesses, we set the standard on marketplace ethics. Not all companies can be accredited. It is an exclusive privilege that must be earned and maintained."

Windsor has been a BBB Accredited Business since Jan. 16, 2012.

West Des Moines-based Windsor is a national presence in the window and patio door market. It manufactures four distinct product lines for builders, architects and homeowners: Pinnacle (wood windows and patio doors), Next Dimension (vinyl windows and patio doors), Legend (cellular PVC windows) and Ashworth (patio and entry doors).
