Your Vision Our Passion

Windsor Windows & Doors can help bring your vision to life. Our windows and doors open up a home to the light, air and beauty of the outside world. But it's the inspired designs and lasting performance of Windsor products that open up a world of possibilities for architects and builders.

Windsor has been developing unique home construction solutions for more than 70 years. We're dedicated to bringing you the highest quality products on the market, all for the best value.

Choose from a wide selection of products for new construction, remodeling or light commercial applications. Windsor's windows and doors allow you to get creative with your next project, without sacrificing quality or stretching your budget.

The Wonders of Wood

Strength and beauty shine through in Windsor's Pinnacle products. We use only the finest pine, alder and fir so you can create only the finest homes. No matter what design you have in mind, Windsor allows you to achieve it in style. With each Pinnacle product, you get the rugged durability and traditional appeal of real wood.

Clear Select Pine

Douglas Fir

Natural Alder

Super Spacer®

Reverse dual-seal technology

(Airspace is not filled with argon in products with breathing tubes.)

See What Sets Pinnacle Apart

[1] PREMIUM WOOD CONSTRUCTION Natural wood serves as one of the most energy efficient materials available. Windsor uses only the finest wood interiors of Clear Select Pine, Natural Alder or Douglas Fir.

Our Pinnacle products offer an industry leading **Limited 20/10 Warranty.** For more specific information, please visit our website.

[2] CARDINAL® LOE 366 GLASS Windsor products feature LoE 366 glass with a coating that alters the way glass transmits visible and invisible light. LoE 366 decreases heat loss in the winter and heat gain in the summer. Reduced ultraviolet light penetration also helps prevent your furniture, drapes and carpet from fading.

A triple-glazed IG option is available for Pinnacle Select and Pinnacle clad direct set and radius units. Triple IG consists of 1-1/4" OA thickness and two LoE coatings. The LoE 366 coating on surface #2 and the LoE 180 coating on surface #5 provides superior U-value thermal performance.

[3] EXTRUDED ALUMINUM We use only heavy-duty .050 extruded aluminum cladding, versus thin roll form aluminum. It is sturdier and more resistant to exterior damage, including dents and chips. The powder coat used in our paint application is the extremely durable 2604 finish. The 2605 finish is available when your project requires an even stronger defense against the elements. All Pinnacle clad and Select casement and awning products feature a thermally-broken frame for improved efficiency.

[4] TAPE AND SILICONE GLAZED We use silicone and tape glazing methods to ensure a water-tight seal and slow the conduction of heat and cold.

[5] SUPER SPACER® TECHNOLOGY Super Spacer dual-seal moisture barrier technology provides one of the most thermally efficient spacers in the marketplace. All-foam Super Spacer reduces heat and cold conduction, which results in more comfortable living for homeowners and fewer callbacks for builders.

STATE-OF-THE-ART LISEC® GLASS FABRICATION EQUIPMENT Our highly-automated glass line requires no manual manipulation – dramatically reducing seal failures caused by human contact with the glass – while our robotic equipment provides an incredible level of accuracy for a fast and efficient material flow.

ENERGY STAR PARTNER Windsor Windows & Doors is proud to be an ENERGY STAR partner. Look for the ENERGY STAR logo on our products, which means those models meet EPA guidelines for energy efficiency. Performance data is available on our website.

Atlanta, Georgia.

Pinnacle Select

Casement & Awning

Welcome to the peak of perfection in windows.

Pinnacle Select is an elite line of casement and awning windows constructed from enhanced components for unsurpassed performance.

Standard features include 2-5/16" wide stiles and rails for structural stability and architectural appeal, plus a robust 2-3/16" thick sash for dimension and strength. A triple-glazed IG option is available, which features a 2-7/16" thick sash and 1-1/4" OA insulated glass. BetterVue screen material provides improved visibility, airflow and insect resistance. In addition, standard windows include full-width extension jambs and strong DP ratings for structural performance.

Additional options include push-out functionality in standard and French casements, with stylish hardware, innovative retractable screens and larger frame sizes to accommodate a wider variety of homes. With warranties up to 30 years on Select clad products, homeowners get the ultimate in window performance, stability, style and efficiency.

[1] Retractable screens have a solid wood pull at the bottom for easy operation. Spring-loaded units pull down from the top and lock into place at the sill.

[2] Push-out hardware consists of an easy-to-operate lever with cam rollers and keepers, providing a multi-point locking system that is standard. Push-outs are also equipped with adjustable friction hinges and lock rollers.

[3] Select windows are constructed with 2-5/16" wide stiles and rails that add structural stability and provide a more massive architectural appearance. A robust 2-3/16" thick sash adds dimension and strength and full-width extension jambs are standard on Select units.

[4] For Select units with 1-1/4" OA triple IG, the sash thickness increases to 2-7/16".

Pinnacle Select Patio Doors —

Reaching new heights in style

Pinnacle Select offers multiple styles of grand-scale patio doors perfect for today's architectural homes.

Available in in-swing, out-swing, multi-slide, lift & slide and bi-folding styles, these luxury aluminum clad doors will bring awe-inspiring views into any home design.

Pinnacle Select Patio Doors include two construction options:

- Thermally broken, heavy-duty all aluminum exterior and interior
- Thermally broken, heavy-duty aluminum exterior and wood interior; choose from beautiful Pine or Douglas Fir wood

With countless hardware options, expert craftsmanship and high-performance technology, these large-panel doors provide expansive full-glass views to the surrounding outdoor beauty in any season.

Pinnacle Select Multi-slide

For inspiring views from floor to ceiling / treetop to ground level, Windsor's Select line of multi-slide patio doors offers unique architectural appeal, blending the splendor of the outdoors with any interior space – living room, dining room, kitchen, bedroom – the design possibilities are limitless. *Standard surface mount and recessed sill options available.*

Multi-slide Alum Ext. Alum Int. Panel

Multi-slide Alum Ext. Wood Int. Panel

Pinnacle Select Lift & Slide

A seamless transition to the beauty of the outdoors. Windsor's Select line of lift & slide patio doors offer stunning, virtually unobstructed views in addition to added security, soundproofing and premium protection against the elements. *Standard surface mount and recessed sill options available.*

Pinnacle Casement, Awning, Direct Set and Picture Windows, and Sliding Patio Door. Cleveland, Ohio.

Pinnacle

Casement & Awning

Simplicity is a thing of beauty. Casements and awnings provide convenience and energy conservation in one easy-to-use, even easier-to-look-at unit. The Pinnacle casements and awnings offer maximum light, excellent ventilation and simple cleaning. With an endless number of sizes and options, we can make a casement or awning for any room in your home. We use a thick, two-inch sash and our special tape and silicone glazing method to increase insulation and, more importantly, reduce your energy bills. Our sleek, single-lever, multi-point hardware makes for effortless operation and a tight, leakproof fit.

Enjoy an easy-to-operate window available at an incredible value. Pinnacle casements and awnings can help you achieve the cost savings and energy efficiency you need, with the natural wood beauty you want.

Choose a standard frame with various extension jamb depths for a traditional look or a 3-1/4" frame for narrow wall construction or drywall return applications.

[1] The single-lever lock pulls the sash in at multiple points for a tight seal.

[2] The adjustable hinge system ensures proper alignment after installation and smooth operation for years to come.

Standard frame

3-1/4" frame

Pinnacle

Direct Set & Radius

Be unique. Be outstanding. The Pinnacle product line can be customized to suit your home and personality. Enjoy an angle peak at the top of a casement or design a curved shape that's a complete original. Feel free to get creative, because our direct set and radius line of products are all up to the same

exact measures of energy efficiency and overall quality as our other windows and doors. Custom-shaped windows are a great statement for your home. Plus, with a triple-glazed IG option featuring 1-1/4" OA insulated glass available on Pinnacle clad direct set and radius units, the possibilities are endless.

NOTE: Primed direct set and radius units come standard with cellular PVC exterior trim and stops.

PINNACLE RADIUS DIRECT SET WINDOWS AND PINNACLE SELECT CASEMENT WINDOWS. Atlanta, Georgia.

Pinnacle

Double Hung & Glide-by

We've made your world easier. Windsor's double hung and glide-by windows are not only an attractive addition to a home, they are extremely easy to maintain. The sash on the double hung easily tilts in and removes for easy cleaning. Our unique locking shoe balance system also allows you to effortlessly replace or remove individual sashes. Clad units come with heavy-duty .050 extruded aluminum cladding, and primed units feature parts made

of revolutionary composite cellular PVC exterior that resists the elements.

Our double hung windows with concealed jambliner feature a full-sized, inverted block and tackle balance, which provides support for a heavier sash. Jamb jacks offer flexibility for adjustment after setting. Installation and alignment is made easier through trim identification lines on the side and head inside stops.

With the concealed jambliner option, you get an enhanced appearance with more wood pieces in the interior jamb covers and head parting stop, offering color-matched aluminum on exterior portions and providing color options for the sill bottom rail weatherstrip to coordinate with cladding colors.

Sash tilts in easily with the help of recessed tilt latches that are color matched to the hardware you choose.

[1] The sill bottom rail weatherstrip is now available in two colors: bronze and beige. Exterior jamb covers are available in finishes that match the aluminum.

[2] Double hung without concealed jambliner.

[3] Double hung with concealed jambliner.

[4] A trim identification line on the side and head inside stops provides easy alignment during installation. A wood head parting stop replaces a vinyl parting stop.

[5] Recessed lock and keeper for a sleek appearance.

PINNACLE 90-DEGREE CORNER WINDOW AND NARROW STILE SLIDING PATIO DOOR. Cleveland, Ohio.

Pinnacle

90-degree Corner Window

Wrap your room in natural light. Constructed with the same frame as our Pinnacle clad low profile direct set, our 90-degree corner window is designed with clean, straight lines to maximize your view. Corner units are available with a glazed corner post or choose to forgo the post altogether for virtually unobstructed sightlines.*

Increased visible glass provides a clear view of the outside world, while high-performance thermal ratings maintain a comfortable indoor environment. Whether you want to finish off a sunroom with architectural interest or create expansive panoramic views in a kitchen, our corner windows offer a stunning option sure to give your project a bold, modern look.

Clear powder coat paint exterior

Pine interior

*Open units with no corner post will require field glazing by others.

Pinnacle Sliding Patio Doors

Smooth, sleek and incredibly charming. Whether you choose traditional French or contemporary narrow stiles, Pinnacle sliding doors will be the talk of your next outdoor event with their incredible ease and aesthetics. With up to four panels, the doors glide effortlessly on two end adjustable tandem steel ball bearing rollers. Sliding doors have a pultruded fiberglass sill available in a gray or bronze finish. The heavy-duty weatherstripping also ensures your patio doors will be ready for the changing seasons, even when your patio is not.

NOTE: Primed sliding patio doors come standard with cellular PVC exterior trim.

Pinnacle

Swinging Patio Doors

The highlight of a house. Your patio is an extension of your home, and your home is an extension of yourself and your style. That's why at Windsor we offer you several options for our Pinnacle swinging patio doors. Choose from in-swing or out-swing models. Select one panel to operate or two panels. Include up to four panels in one frame. For safety, we can install multi-point locking hardware – for style, we can accent your doors with a customized transom, radius or sidelites.

A complement to any home's décor, Windsor's beautifully crafted 1/2 and 3/4 lite panel doors are available in the finest wood interior finishes and offer more customizable features with split panel or flat panel options. The design options continue, with over 50 different exterior clad colors and finishes, several hardware styles, multiple hardware finishes and numerous grille options.

PINNACLE DIRECT SET WINDOWS AND OUT-SWING NARROW STILE PATIO DOOR. Washington, D.C.

Pinnacle

Bi-fold Patio Doors

Open up your world. Quality, high-performance and stunning beauty come together with Pinnacle bi-fold patio doors. We offer this versatile product in many sizes and configurations, which allows for installation in standard construction openings. This innovative concept brings open-air luxury to virtually any custom project.

Our bi-fold patio doors feature a revolutionary hinge system that will provide graceful operation and reliable

function for years to come. With options including three premium hardware finishes, over 50 clad colors and a wood interior selection of Clear Select Pine, Natural Alder and Douglas Fir, your possibilities are wide open. Imagine how our bi-fold patio doors can enhance your projects. Homeowners love the way these doors bring the beauty of nature into their home. Pinnacle bi-fold doors are offered in five heights: 6'8", 6'10", 8'0", 9'0" and 10'0" and can be assembled with as few as two panels, and up to eight panels wide. Imagine having the capability to span an opening as high as 10' tall and as long as 24' wide!

Pinnacle

Multi-slide Patio Doors

Enhance your views. Whether your home overlooks a beautiful cityscape or a quiet lake, Pinnacle multi-slide patio doors create an impactful design element. Highlight brilliant outdoor views and give your home a unique architectural look that expands the feel of indoor living space.

Available in stacking or pocket configurations up to 32 feet wide, our clad multi-slide patio doors offer many of the same features as other products in the Pinnacle line. Choose from 24 standard colors, 27 feature colors, one of three wood species, and a variety of glazing options and grille designs. All applications using multi-slide door systems require overhangs equal to or greater than the height of the multi-slide door.

Options & Accessories

Finishing touches to perfect your vision. Windsor does more than just create durable, high-performance windows and doors. We pay attention to every detail and offer a wide array of options and finishes to match any décor. Flashy and eye-catching or simple and understated, our hardware, finishes, grille options, cladding colors, glass options and trim options complete the perfect window and door package.

Windsor’s in-house powder paint application can help you make a statement with your windows and doors. Choose from over 50 shades in our standard and feature color palettes, or make it truly unique with custom color matching or our matte finish colors. All paints are protected with the highly durable 2604¹ finish, or you can upgrade to 2605² for even stronger defense against the elements.³

PATIO DOOR HANDLES AND FINISHES Pinnacle Patio Doors

Finishes marked with asterisks* feature a clear coating that protects the finish against tarnish and peeling. This process extends the rich, bright life of the finish and dramatically delays the aging process.

Swinging patio door hardware and sliding patio door hardware are produced by different manufacturers and the finishes will vary.

Bi-fold doors are available with Classic and Contemporary swinging handles in Satin Nickel and Oil Rubbed Bronze, and with a Euro swinging handle in Satin Nickel and Black.

Windsor Windows & Doors has distinct product lines for every application. New construction. Room additions.

Window replacement. Windsor has the solutions to help meet any home building or home improvement need.

Discover all of the products we have to offer.

Make every project a success.

Pinnacle

The strength and beauty of natural wood define our elite Pinnacle line of products. Crafted from the finest pine, alder and fir, Pinnacle windows and doors add a measure of elegance to any home.

From subtle to showy, Pinnacle products are endlessly customizable through an array of finishes, hardware, shapes, grille options, cladding colors, glass and trim options, allowing the perfect window or door to be created.

Homeowners can choose from the technologically advanced Pinnacle Select, the durable and damage resistant Pinnacle wood clad or Pinnacle primed, which arrives ready to be painted.

Legend

Legend products are constructed from solid cellular PVC, creating the traditional look and feel of painted wood with the low maintenance and strong durability of vinyl. Our windows are protected against rotting, warping, cracking or swelling with a 25-year warranty. Legend products are well suited for both new construction and historical renovation.

Legend HBR products combine the strength and durability of our Legend cellular PVC frame with a wood clad sash. This powerful hybrid offers a low-maintenance exterior with a beautiful wooden interior.

Next Dimension

Next Dimension Signature windows and doors are robust, reliable products that offer the resilience of extruded multi-chambered vinyl. Enhanced components and sturdy construction add strength and stability. Homeowners enjoy exceptional performance and energy efficiency.

Next Dimension Classic is available in single and double hung units, sliders and sliding patio doors. What makes Next Dimension Classic unique is its sloped sill, tilt sash, brickmould profile frame and decorative features, such as a profiled inner grille and simulated divided lite.

Next Dimension Pro vinyl windows and patio doors are designed for light commercial, multi-family and residential applications, all at a highly competitive price. Vinyl extrusions ensure superior weathering, durability and color retention. Construction features are built in to reduce maintenance, add strength and security, and maximize weather resistance.

All Next Dimension vinyl products are available in white or clay, as well as seven exterior colors (white, ivory, tan, bronze, cinnamon, hunter green and black). Our vinyl windows are highly rated for performance and many even offer commercially rated performance. All of our vinyl products are low maintenance and are backed by a lifetime limited warranty.

Revive™ Pocket Replacement Windows

There's a lot to love about a home – its unique character, timeless details and genuine craftsmanship. Drafty, unsightly windows can easily steal away from the beauty of these features. That's where Revive pocket replacement windows come into the picture.

Each window can be transformed with stunning Windsor quality in about an hour – with fewer worries about disturbing any treasured wood trim or other interior and exterior features. And because they're meticulously built to order with customizable features in three high-quality materials (wood clad, hybrid and vinyl), Windsor Revive pocket replacement windows are a fast, uncomplicated upgrade.

Revive Sash Replacement Kit

Replace old, drafty, inefficient double hung sashes with energy efficient, dual pane sashes. Windsor's Revive Sash Replacement Kit makes updating easy, allowing homeowners to leave existing interior trim and plaster in place. Choose from three different replacement sashes: versatile primed wood, durable aluminum clad or low-maintenance cellular PVC. Revive sashes feature EZ Tilt, which provides fast access for hassle-free cleaning.
