

A Window Expert's Dream Home

Louisville, KY

PROJECT TYPE:

Residential

COMPLETION DATE:

2021

BUILDER:

Meridian Homes

ARCHITECT:

Home designed by Kyle Labar - Owner of Metro Windows.

DISTRIBUTOR:

Metro Windows

WINDSOR PRODUCTS USED:

Pinnacle Wood Clad Double hung, French casement, direct set, awning, hinged full and ¾ lite doors and narrow and French sliding doors

Project Description

Located in the Louisville, Kentucky area, this contemporary residence is a window expert's dream home. Metro cleverly designed this home to be a full showroom of 7 different Pinnacle products with a variety of different product options and treatments throughout, allowing customers to view firsthand all that Windsor has to offer.

This living showroom helps customers view, operate and design Windsor Windows for today's many replacement and new construction design styles.

Unique Requirements/Solutions

The owner of Metro Windows wanted to use several Pinnacle products to build his family home, that could double as a showroom for company clients, builders and homeowners alike, to give access to Pinnacle products and features that showcase the many different window and door styles and operation for today's designs and lifestyles.

Comments from the Builder

“Meridian Homes and Windsor Windows & Doors were able to create a unique living showroom that now serves as both a home and a display of several different products and styles. This project showcases the beauty of what Windsor’s Pinnacle line has to offer and we were thrilled with the results.”
