**WINDSOR PRODUCTS USED:**

Pinnacle clad double hung

### Project Description

This contemporary home is located in the West End Community, a few miles from downtown Bentonville, Arkansas. Featured as Homes of Distinction's 2018 Showcase Home, this project exudes luxury... from the floating staircase and custom marble vent hood to the custom glass walled study... the high-end design and quality construction is apparent.

### Unique Requirements/Solutions

The front entry is a custom-built 9' tall Pinnacle Clad French door and Pinnacle clad picture casement windows grace every room of the home. The dining area and entertainment room open up to the outdoor living space through Pinnacle clad sliding patio doors. The central feature of this home is an indoor/outdoor fireplace on the exterior living room wall. The builder surrounded the fireplace with glass and repeated the arched design element used at the front entry. The architect utilized large windows and doors throughout the home to bring natural lighting into the living space.

### Comments from Project Associates

Homes of Distinction is a family business and through their 20 years of

*(continued on next page)*

experience, they have built hundreds of homes. They specialize in building custom homes and large scale renovations in Northwest Arkansas. They strive to work with their clients to create a custom-designed dream home.

Windsor is very proud to be able to partner with Homes of Distinction on projects of this caliber.
