

Legend High-Performance DP Rated Products

Our high-performance windows offer innovative design features such as a deep sill stop, reinforced stress points that guard against water and wind damage and special warm-edge characteristics to reduce condensation.

Features and Benefits

- [1] Engineered, high-endurance cellular PVC materials will not decay, warp, crack, stick or swell
- [2] UV protectors and impact modifiers incorporated into cellular PVC material enhance durability
- [3] Finely crafted details, like sloped sill with sill nosing, offer traditional beauty and solid density of real wood
- [4] Solid cellular PVC construction carries 25-year guarantee
- [5] Energy efficient double hung balance allows top and bottom sashes to tilt for easy cleaning
- [6] Easy installation with nails or screws
- [7] Perfect for new construction or replacement of double hung windows; approved for historic renovation
- [8] Integral finger pulls in double hung top and bottom sash offer easy opening and closing
- [9] No-finger pull option in bottom sash for traditional or historical appearance
- [10] Standard EZ Tilt operation on both the top and bottom sash; both sashes tilt in for easy cleaning; spring balance and compression liner available as a value-priced option
- [11] Block and tackle balance on standard EZ Tilt is quiet, secure and operates smoothly
